

BLUEBERRY VARIETIES

Blueberries are partly self-sterile. To increase yield, plant at least 2 varieties for good cross-pollination.

'Patriot' - Early season. Large, flavorful fruit. Performs well in heavy soils.

'Blueray' - Early-mid season. Large, dark-blue berries with sweet flavor.

'Northland' - Mid season. Medium-size berries, very flavorful - similar to wild blueberries. Excellent winter hardiness.

'Bluecrop' - Mid season. Large, bright blue berries that are firm and grow in large clusters. High yielding and known for consistent production.

'Berkeley' - Mid season. Very large, mild tasting fruit.

'Chandler' - Mid-late season. Largest fruit on the market. Less winter hardy than other varieties.

'Jersey' - Late season. Dark blue, medium sized, very sweet berries. Easy to grow and high yielding.

'Nelson' - Late season. Medium-blue, large, firm berries.
